About the National Audit Office

Mandate

The statutory mandate and responsibilities of the Controller and Auditor-General are provided for under Article 143 of the Constitution of the United Republic of Tanzania of 1977 and in Section 10 (1) of the Public Audit Act, Cap 418.

Independence and objectivity

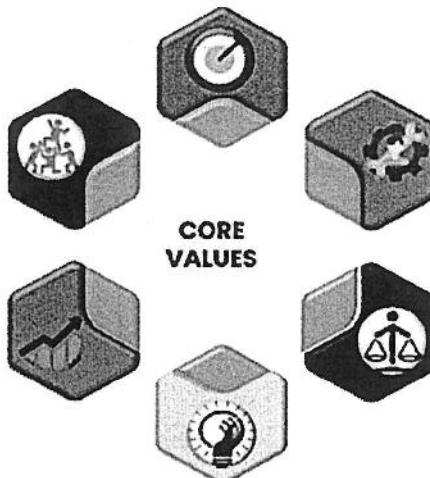

We are an impartial public institution, independently offering high-quality audit services to our clients in an unbiased manner.

Teamwork Spirit

We value and work together with internal and external stakeholders.

Results-Oriented

We focus on achievements of reliable, timely, accurate, useful, and clear performance targets.

Professional competence

We deliver high-quality audit services based on appropriate professional knowledge, skills, and best practices

Integrity

We observe and maintain high ethical standards and rules of law in the delivery of audit services.

Creativity and Innovation

We encourage, create, and innovate value-adding ideas for the improvement of audit services.

© This audit report is intended to be used by Tanzania Food and Nutrition Centre and may form part of the annual general report, which once tabled to National Assembly, becomes a public document; hence, its distribution may not be limited.

1.0 INDEPENDENT REPORT OF THE CONTROLLER AND AUDITOR GENERAL

Chairperson of the Board,
Tanzania Food and Nutrition Centre,
P.O. Box 977,
Dar es Salaam.

1.1 REPORT ON THE AUDIT OF FINANCIAL STATEMENTS

Unqualified Opinion

I have audited the financial statements of Tanzania Food and Nutrition Centre (TFNC), which comprise the statement of financial position as at 30 June 2023, and the statement of financial performance, statement of changes in net assets and cash flow statement and the statement of comparison of budget and actual amounts for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly in all material respects, the financial position of Tanzania Food and Nutrition Centre (TFNC) as at 30 June 2023, and its financial performance and its cash flows for the year then ended in accordance with International Public Sector Accounting Standards (IPSAS) Accrual basis of accounting and the manner required by the Public Finance Act, Cap 348.

Basis for Opinion

I conducted my audit in accordance with the International Standards of Supreme Audit Institutions (ISSAIs). My responsibilities under those standards are further described in the section below entitled "Responsibilities of the Controller and auditor General for the audit of the financial statements". I am independent of Tanzania Food and Nutrition Centre (TFNC) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the National Board of Accountants and Auditors (NBAA) Code of Ethics, and I have fulfilled my other ethical responsibilities in accordance with these requirements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period. I have determined that there are no key audit matters to communicate in my report.

Other Information

Management is responsible for the other information. The other information comprises the Director's Report and the Declaration by the Head of Finance but does not include the financial statements and my audit report thereon which I obtained prior to the date of this auditor's report.

TANZANIA FOOD AND NUTRITION CENTRE

My opinion on the financial statements does not cover the other information, and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed on the other information that I obtained prior to the date of this audit report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IPSAS and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

Responsibilities of the Controller and Auditor General for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISSAIs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for

TANZANIA FOOD AND NUTRITION CENTRE

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my audit report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

In addition, Section 10 (2) of the Public Audit Act Cap 348 requires me to satisfy myself that the accounts have been prepared in accordance with the appropriate accounting standards.

Further, Section 48(3) of the Public Procurement Act Cap 410 requires me to state in my annual audit report whether or not the audited entity has complied with the procedures prescribed in the Procurement Act and its Regulations.

1.2 REPORT ON COMPLIANCE WITH LEGISLATIONS

1.2.1 Compliance with the Public Procurement laws

Subject matter: Compliance audit on procurement of works, goods and services

I performed a compliance audit on procurement of works, goods and services in the Tanzania Food and Nutrition Centre (TFNC) for the financial year 2022/23 as per the Public Procurement laws.

Conclusion

Based on the audit work performed, I state that procurement of goods, works and services of Tanzania Food and Nutrition Centre (TFNC) is generally in compliance with the requirements of the Public Procurement laws in Tanzania.

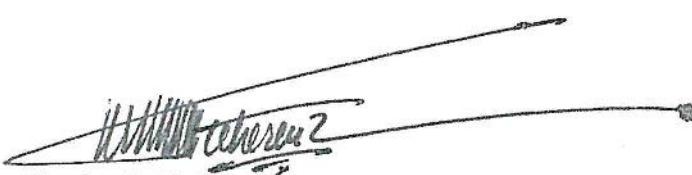

1.2.2 Compliance with the Budget Act and other Budget Guidelines

Subject matter: Budget formulation and execution

I performed a compliance audit on budget formulation and execution in the Tanzania Food and Nutrition Centre (TFNC) for the financial year 2022/23 as per the Budget Act and other Budget Guidelines.

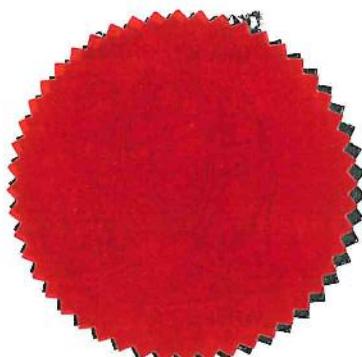

Conclusion

Based on the audit work performed, I state that Budget formulation and execution of Tanzania Food and Nutrition Centre (TFNC) is generally in compliance with the requirements of the Budget Act and other Budget Guidelines.

Charles E. Kichere
Controller and Auditor General,
Dodoma, United Republic of Tanzania.

March 2024

TANZANIA FOOD AND NUTRITION CENTRE

2.0 REPORT BY THOSE CHARGED WITH GOVERNANCE FOR THE YEAR ENDED 30 JUNE 2023

2.1 INTRODUCTION

The Governing Board, of Tanzania Food and Nutrition Center has the pleasure to submit its annual report together with the Financial Statements for the year ended 30 June 2023 disclosing state of affairs of operations of TFNC. The report has been prepared in accordance with International Public Sector Accounting Standards (IPSAS)

2.2 BACKGROUND

Tanzania Food and Nutrition Centre (TFNC) is an autonomous Institution established by the Tanzania Food and Nutrition Act No 24 of 1973, as amended by act no 3 of 1995 under the Ministry of Health and Social Welfare. The Centre is located at plot number 22, Ocean Road, P. O. Box 977, Dar es Salaam.

2.3 VISION AND MISSION

The vision and mission of the TFNC are as follows: -

2.3.1 VISION

To be the Center of excellence providing strategic leadership in nutrition to our clients and partners within and outside the country.

2.3.2 MISSION

To provide quality nutrition services aimed at the prevention and control of malnutrition in Tanzania and provide proactive support to the government in nutrition.

2.4 ROLES AND FUNCTIONS

TFNC is charged with the roles of coordinating, guiding and catalyzing nutrition response in the country.

Specific roles and functions of the Institution as stipulated in the Tanzania Food and Nutrition Act, 1973 are as follows:

- a. To plan and initiate food and nutrition programmes for the benefit of the people of the United Republic of Tanzania; To undertake review and revision of food and nutrition programmes;
- b. To provide facilities for training in subjects relating to food and nutrition and prescribed conditions which must be satisfied before any diploma, certificate or other award which may be granted in any such subject upon completion of any training undertaken by the Centre or other educational institution in the United Republic of Tanzania;

TANZANIA FOOD AND NUTRITION CENTRE

- c. To carry out research in matters relating to food and nutrition;
- d. To advise the Government, the schools and other public organizations on matters relating to food and nutrition;
- e. To stimulate and promote, amongst the people of the United Republic of Tanzania, an awareness of the importance of a balanced diet and of the dangers of malnutrition;
- f. To gain public confidence in the methods suggested by the Centre for the correction or avoidance of malnutrition;
- g. In collaboration with the Ministry responsible for Development Planning, to formulate, for incorporation in the national development plans, plans relating to food and nutrition for the benefit of the people of the United Republic of Tanzania;
- h. In collaboration with the producer, manufacturers and distributors of articles of food, to ensure proper nutritional value of the food marketed in the United Republic of Tanzania or exported to foreign countries;
- i. To make available to the Government and the people of the United Republic of Tanzania its findings on any research carried out by it on matters affecting nutrition;
- j. To participate in international conference, seminars and discussions on matters relating to food or nutrition; and
- k. To do all such acts and things, and enter into all such contracts and transactions, as are, in the opinion of the Governing Board, expedient or necessary for the discharge of the functions of the Centre.

2.5 COMPOSITION OF THE GOVERNING BOARD

The Board expired on 25 October 2021, mean while the Honorable President of United Republic of Tanzania Samia Suluhu Hassan has appointed Obey Assery to be the Chairperson of the Board with effect from 13 April 2022. But to date the Ministry of Health has not yet appointed the Board Members.

2.6 FUNDING

TFNC is funded mainly by the Government of the United Republic of Tanzania. Foreign grants also form a major source of funds for financing the costs of implementation of various approved nutrition programs proposed by the Center. The table below provide summary of budgeted fund against actual funds received from various sources during the period: 2022/23.

Table 1: Funding structure of TFNC

Source of Funds	Approved Budget TZS	Actual Receipts TZS	Actual over Budget
			%
Subvention from other Government	9,052,489,175	4,338,522,552	105
Revenue Grants	-	1,257,285,199	
Revenue from Exchange Transactions	595,000,000.00	686,491,572.00	85
Others	-	34,081,465	43
Total	9,679,532,775	6,316,380,788.00	68

2.8 ESTIMATES FOR MTEF (2022/23 - 2024/25)

This chapter presents estimates for the MTEF covering the period of three years (2022/23 and two outer years). The estimates in the MTEF are required by the Centre, to facilitate its core functions with an aim at effectively lead the national response in the fight against all forms of malnutrition in the country for this period. This chapter consists of institutional linkages between objectives, target and all activities to be implemented in the 2022/23 - 2024/25, budget estimates for three years period and summary forms as prescribed in the Planning and Budgeting Guidelines.

The Centre has received financial commitment of TZS 3,030,291,480 from Development Partners (UNICEF and Nutrition International) to support the implementation of National Multisectoral Nutrition Action Plan (NMNAP) which aims at ensuring that children, adolescents, women and men in Tanzania are better nourished leading to healthier and more productive lives that contribute to economic growth and sustainable development.

2.9 STATEMENT OF GOING CONCERN

Tanzania Food and Nutrition Centre (TFNC) is a Government Institution, its funding depends fully on Government subvention and other Development partners. The Governing Board confirms that the Centre has neither the intention nor the need to liquidate or to materially curtail the scale of its operations for the next twelve months from the date of these statements.

2.10 EMPLOYEES WELFARE

TFNC believes that its employees should find working for the Centre an inspiring and personally elevating experience. The center continues with its efforts to strengthening its human resources capacity by filling in vacant posts and training some of its staff in required fields. Career progress is based on the individual initiative. Being a research institution, staff members are strongly encouraged to engage in continuing educations that also includes research undertaking and publications.

TFNC Staff Position as at 30 June 2023 is summarized below:

Table 1: TFNC Staff Position as at 30 June 2023

Total Establishment	149
Staff Position as at 1 July 2022	122
Recruited	11
Left (6 Retired, 1 death and 6 Transferred)	13
Staff Position as at 30 June 2023	120
Vacancies	29

TFNC is reviewing its Staff regulations manual of 2009 as a measure to increase motivation, transparency and clarity on rules and policies on employments. The review is waiting for approval from Treasurer Register.

TANZANIA FOOD AND NUTRITION CENTRE

2.11 GENDER MAINSTREAMING

Gender issues are mainstreamed at all level of the activities of the Centre. The mission, vision and objectives of the Centre are all gender sensitive. At the moment the staff composition is 61 Females which is 51% and 59 Male which is 49%.

2.12 CHARITABLE AND POLITICAL DONATIONS

During the year 2022/23, TFNC did not made any donation or contribution of a charitable nature.

2.13 RELATED PARTY TRANSACTIONS

During the financial year 2022/23, the Centre incurred expenditure amounting to TZS 447,104,000 in relation to the related party transactions as presented below:

Table 2: Related Party Transactions

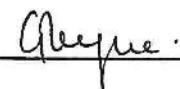

Source of Funds	2022/23	2021/22
Emolument to Key Management Personnel	TZS 439,104,000	TZS 543,385,000
Number of Persons	9	9
Governing Board Fee	TZS 8,000,000	TZS 21,500,000
TOTAL	TZS 447,104,000	TZS 564,885,000

2.14 AUDITORS

The Controller and Auditor General (CAG) is the statutory auditor for the Tanzania Food and Nutrition Centre by virtue of Article 143 of the Constitution of the United Republic of Tanzania (URT) as amplified by section 32(4) of the Public Audit Act, Cap 418. However, in accordance with section 33 of the same Act the CAG, Authorized M/S PANAFRICAN AUDITORS to carry out the audit of Tanzania Food and Nutrition Centre for the financial year ended 30 June, 2023 on his behalf.

4.0 DECLARATION OF THE DIRECTOR OF FINANCE, HUMAN RESOURCES AND ADMINISTRATION OF TANZANIA FOOD AND NUTRITION CENTER

The National Board of Accountants and Auditors (NBAA) according to the power conferred under the Auditors and Accountants (Registration) Act. No. 33 of 1972, as amended by Act No. 2 of 1995, requires financial statements to be accompanied with a declaration issued by the Head of Finance responsible for the preparation of financial statements of the entity concerned.

It is the duty of the Director of Finance, Human Resources and Administration to assist the Governing Board to discharge the responsibility of preparing financial statements of an entity showing true and fair view of the entity position and performance in accordance with applicable International Accounting Standards and statutory financial reporting requirements. Full legal responsibility for the preparation of financial statements rests with the Governing Board as under Directors Responsibility statement on an earlier page.

I **Ally Zahoro Said** being the Director of Finance, Human Resources and Administration of Tanzania Food and Nutrition Centre hereby acknowledge my responsibility of ensuring that financial statements for the year ended 30 June 2023 have been prepared in compliance with applicable accounting standards and statutory requirements.

I thus confirm that the financial statements give a true and fair view position of Tanzania Food and Nutrition Centre as on that date and that they have been prepared based on properly maintained financial records.

Signed by: 

Position: Director of Finance, Human Resources and Administration

TANZANIA FOOD AND NUTRITION CENTRE

EXPLANATION FOR MATERIAL VARIANCES:

(a) External Assistance - Grants and Aids

Big Stakeholders like UNICEF and WFP who contribute to the TFNC budget have had their budgets reduced by their Donors.

(b) Subvention -Other Government

The Centre received Personal Emoluments TZS 2,866,716,442.80 which was in excess of the budget by 116,688,442.80 this was due to staff promotions, Salary Arrears and Acting allowances.

(c) Other revenue

There was a under disbursment of budget by TZS 3,181,559,787.00 (33%) of the amount received as compared to the budget, this was due to failure to receive Laboratory samples from clients outside the country and receipt of less funds from Donor Funds (attract 7%) as Administrative fees.

(d) Grants, transfers and subsidies issued

Big Stakeholders like UNICEF and WFP who contribute to the TFNC budget have had their budgets reduced by their Donors.

6.0 EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

NOTE 1: REPORTING ENTITY

Tanzania Food and Nutrition Centre (TFNC) is an autonomous Institution established by the Tanzania Food and Nutrition Act No 24 of 1973, as amended by Act No.3 of 1995 under the Ministry of Health and Social Welfare. The financial statements of the Centre are for the year ended 30 June 2023.

NOTE 2: BASIS OF PREPARATION

(a) Statement of compliance

The financial statements have been prepared in accordance with International Public Sector Accounting Standards (IPSASs) Accrual basis and its interpretations adopted by International Public Sector Accounting Board (IPSAB).

(b) Basis of preparation

The Financial Statements have been prepared on the historical cost basis, except for the financial assets and Liabilities at fair value through Surplus or Deficit. The preparation of Financial Statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, revenue and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

(c) Functional and presentation currency

These Financial Statements are presented in Tanzania Shillings (TZS) which are the Centre's both functional and presentation currency. The rounding up of figures in the financial statements has been limited to the nearest shilling.

NOTE 3: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these Financial Statements are set out below. These policies have been consistently applied to all the years presented.

(a) Property, Plant and Equipment

Initial Recognition

Property, plant and equipment are initially recorded at cost. Cost comprises expenditures that are directly attributable to the acquisition of the assets. Costs are included in the asset's carrying amount or recognized as a separate item, as appropriate only when it is probable that the economic benefit associated with the asset will flow to the Centre and the cost of the asset can be measured with reliability. All other repairs and maintenance are charged to the Statement of Financial Performance.

Subsequent Measurement after Recognition

After recognition as an asset, an item of property, plant and equipment shall be carried at its cost less depreciation and any impairment losses.

Depreciation

Land is not depreciated. Depreciation on the assets other than land is calculated on the straight-line method to write off the value of assets to their residual value over their expected useful lives. Assets acquired during the year are depreciated from the date they are available for use and ceases to be depreciated when the asset is de-recognized.

The annual rates in use are as follows.

Asset Description	Rate
Buildings	2%
Motor Vehicles and Motorcycles	20%
Office Machines and Office Equipment	20%
Office Furniture	20%

Property, plant, and equipment acquired during the year are depreciated from the date when they are available for use and cease to be depreciated when the asset is de-recognized.

Subsequent Expenditure

Expenditure incurred to replace a component of an item of property, plant and equipment is accounted for separately and capitalized. Subsequent expenditures are capitalized only when they increase the current economic benefits. All other expenditure items are recognized in the Statement of Financial Performance as they are incurred.

Depreciation of an asset begins when it is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation of an asset ceases when the asset is derecognized.

(b) Capital Work in Progress

TANZANIA FOOD AND NUTRITION CENTRE

Capital work in progress is stated at actual cost of material plus direct labor and associated overheads incurred in construction.

(c) Intangible Asset

Acquired computer software licenses covering more than one year are capitalized on the basis of the cost incurred to acquire and bring to use specific software. These costs are amortized at the rate determined by the management but not more than 10 years.

(d) Inventories

Inventories are stated at the lower of cost and net replacement value. Cost is determined on the first in and first out (FIFO) basis. Net replacement value is the estimated selling price in the ordinary course of business less the costs of completion and selling expenses.

(e) Trade Receivables

Trade receivables are recognized initially at original invoice amount. Short term loan receivables are measured at cost less an allowance for impairment. An allowance for impairment of trade receivables is established when there is objective evidence that the Centre will not be able to collect all amounts due according to the original terms of the receivables. The amount of the allowance is the difference between the assets carrying amount and the present value of estimated future cash flows, discounted at the effect interest rate, or where more appropriate, at the interest rate that the Centre would have to pay to finance such receivables. The Receivable's comprises deposits, invoice amount and imprest issued to TFNC staffs for various works.

(f) Cash and Cash Equivalents

Cash and Cash equivalents comprise cash in hand and Investments in money market instruments which are less than 90 days to maturity from the date of acquisition. Currently the Centre has no demand deposits with banks, and investment in money markets which are less than 90 days.

(g) Grants

Grants are accounted for when there is a reasonable assurance that the grants will be received. Revenue recognition is based on an assessment of whether an asset or liability has been created. For capital grants without conditions attached, revenue is recognized immediately in the statement of financial performance. If conditions are attached, a liability is recognized as capital funds in the statement of financial position and is reduced and revenue recognized as the conditions are satisfied.

(h) Foreign Currency Translations

TANZANIA FOOD AND NUTRITION CENTRE

Transactions in foreign currencies during the year are translated into Tanzania shillings (TZS) at the average as per BOT that ruling at the date of transactions. Monetary assets and liabilities denominated in foreign currency at the reporting date are restated in TZS using the rate ruling at the Statement of financial Position date. Exchange gains and losses are dealt with in the Statement of Financial Performance in the year in which they.

(i) Financial Instruments

Financial instruments as reflected in the Statement of Financial Position include all financial assets and financial liabilities but exclude property, plant and equipment. Management determines the appropriate classification at initial recognition of the financial instrument. Financial instrument of the Centre is classified as follows:

Cost Recognition

The Centre recognizes financial instruments when it becomes a part to the financial instrument contract.

De-recognition

The Centre removes a financial liability from its Statement of Financial Position when its obligation is extinguished.

The financial asset is removed from the Statement of Financial Position when: -

- Its contractual rights to the assets cash flow expire.
- It has transferred the asset and substantially all the risks and the rewards of ownership, or
- It has transferred the asset and has retained some substantial risks and reward of ownership, but the other party may sell the asset. The risks and rewards retained are recognized as an asset.

Offsetting a Financial Asset and a Financial Liability

A financial asset and financial liability is offset and the net amount presented in the Statement of Financial Position when and only when the Centre: -

- Currently has a legally enforceable right to set off the recognized amounts,
- Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

In accounting for a transfer of a financial asset that does not qualify for derecognizing, the Centre shall not offset the transferred asset and the associated liability.

(j) Impairment of an Asset

TANZANIA FOOD AND NUTRITION CENTRE

The Centre recognizes an impairment loss for the amount by which an asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less costs to sell and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels at which there are separately identifiable cash flows (Cash generating units). Assets that have indefinite useful lives are not subject to amortization and are tested annually for impairment and whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Assets that are subject to amortization are tested for impairment whenever events or change in circumstances indicate that the carrying amount may not be recoverable.

(k) Value Added Tax

Revenues, expenses and assets are recognized net of the amount of value added tax except where the value added tax incurred on a purchase of assets or services is not recoverable from the taxation Centre, in which case the value added tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable. Also, receivables and payables that are stated with the amount of value added tax included.

The net amount of value added tax recoverable from, or payable to, the taxation Centre is included as part of receivables or payables in the statement of financial position.

(l) Comparative Figures

Previous year's balances have been regrouped whenever appropriate for comparison purposes.

(m) Events after the Reporting Date

Tanzania Food and Nutrition Centre have no events after the reporting date.

(n) Investment Property Policy

Tanzania Food and Nutrition Centre has no Investment Property Policy. The Centre provides housing specifically to its employees for 5% of gross salary as rent, as per Staff Regulations, Terms and Conditions of Service, 2019.
