## THE 10<sup>TH</sup> JOINT MULTISECTORAL NUTRITION REVIEW MEETING

### INTRODUCTION

The Prime Minister's Office (PMO) is spearheading the preparation of the 10<sup>th</sup> Annual Joint Multi-Sectoral Nutrition Review (JMNR) meeting scheduled for 11<sup>th</sup> – 12<sup>th</sup> September 2024 in Mwanza, Tanzania. This event is jointly organized through collaboration with the President's Office – Regional Administration and Local Government Authorities (PORALG), the Ministry for Health (MOH), the Tanzania Food and Nutrition Centre (TFNC), and development partners within the SUN Networks. Participants of this noble event will be drawn from multiple nutrition stakeholders; with different expertise and capacities, within and outside the Government and at all levels.

The 10<sup>th</sup> JMNR will serve as a platform to jointly assess the progress and challenges encountered in the execution of nutrition interventions through the National Multispectral Nutrition Action Plan (NMNAP II). This is the high-level forum that brings together stakeholders from both national and subnational levels to exchange knowledge and experiences gained during the course of implementation of NMNAP II. For the past nine years, JMNR has been used to advocate for increased nutrition awareness and commitment to act among the policymakers and the general population as a whole.

During this meeting, implementing partners and the Government will have an opportunity to review and discuss progress made and share experiences on the implementation status of various nutrition interventions as per NMNAP II for the 2023/24 fiscal year. Additionally, stakeholders will utilize this event to raise awareness in the community and showcase their innovative approaches that made a significant impact deserving recognition as regards attainment of NMNAP II strategic outcomes. Thus, it is envisioned that during this 10<sup>th</sup> JMNR research findings, lessons learned, success stories and innovative ideas that align with NMNAP II strategic outcomes will be shared in form of **Oral or Poster presentations, and exhibitions.**

### ABOUT THE CALL AND CONFERENCE THEMES

The organizing committee is therefore inviting the submission of abstracts for **oral and poster** presentations. The broad theme of this JMNR is ***“LEVERAGING THE CONTRIBUTION OF NUTRITION SENSITIVE SECTORS FOR SUSTAINING NUTRITION OUTCOMES IN TANZANIA”***.
